Cornerstone Ceremony

Purpose of Regional Research Laboratories

Star Spangled Banner

To develop through research new uses and
new and extended markets for farm commodities,
particularly those which are produced in surplus.

The Western Laboratory will confine its
initial investigations to alfalfa, wheat, white
potatoes, and fruits and vegetables.

The above program will be broadcast October 27,
1939, 11:00 to 11:30 A. M. over Station KGO
